Gin statistics for Medina county,
compiled by gin statistician J. P. Lip-
pold, shows that there were 3,875 bales
of cotton ginned in the county up to
October 18, 1917, against 8,205 bales
ginned up to same date of the 1916 cot-
ton season. These figures show that
according to the gin records this years
crop was 4,330 bales less than the
1916 crop. The next report will un-
doubtedly show a greater disparity be-
tween the crop of this and the preced-
ing year.

Card of Thanks.
In this manner we wish to express
our sincere appreciation to our friends
for the kindness and sympathy shown
us during our recent bereavement in
the death of Max Moebius. We wish
particularly to thank Rev. A. Falken-
berg for his services at the grave, and
also to those who attended the funeral.
Their kindness will always be held in
grateful remembrance by
THE FAMILY.

Max Moebius Dead.

The mortal remains of Max Moebius
were laid to eternal rest in the ceme-
tery at Hondo, on Tuesday night.

At about 11 o'clock Tuesday forenoon
Frank Moebius and his wife sent in
the horrible news that Max had been
found lying on his bed with that ex-
pression of the face which plainly
showed that life had left the body.
Frank Moebius, a cousin and neighbor
of the deceased, came to the house to
get his mail and not seeing Max about
the place he opened the door of the
house and, as stated, found him dead.
Frank hurried home and telephoned
the sad news to relatives and officials.

A party, consisting of Aug. Schuehle
and his son, Rollie, C. J. Bless, Cap.
Harper and Herman Moebius, brother
of the deceased, rushed down in Mr.
Schuehle's car to the farm of Max
Moebius, about 12 miles south of Hon-
do, near the Yancey road. The place
was guarded by his dogs, but they
seemed to welcome the visitors rather
than let them enter the yard.

The door was opened and as report-
ed, Max was lying on his bed, coat
on, covered up with a blanket, his eyes
closed, sleeping forever.

An hour later Judge A. M. Lamm,
Deputy Sheriff Favors, Ehme Saathoff
and Robert Reitzer arrived at the
place. Judge Lamm held the inquest,
stating that heart failure seemed to
have caused the death of Max Moebius
probably Monday or even Sunday
night. Sunday afternoon he had vis-
ited with Frank Moebius and had not
made any complaints of sickness. But
he had been sickly for years.

Max Moebius was a bachelor and
nobody else lived on the place or close
to it. He lived there for many years,
nearly always alone.

He was born May 6, 1866 in a village
near Halle, province Saxony, Germany,
came as a small boy with his family
to the city of Leipzig and at the age
of 16 years he followed his father,
who had crossed the ocean so seek a
new home for the family. He rented
the old homestead of Rolf Frerichs at
Sturm Hill in this county. Later Frank
arrived and then Frank's mother and
Herman. In 1886 the father, Fritz
Moebius, founded the homestead south
of Hondo. Two years later he returned
to Germany. After one year he return-
ed and brought the mother with him.
Later came their daughter, Alwine,
(then a widow, with her two little
children, Albert and Curt Scharf) now
Mrs. Ehme Saathoff. She took the
mother over to her home near New
Fountain a few months ago. The father
died about ten years ago.

Max Moebius was one of those men
who have no enemy, but many true
friends. He was a good farmer, and
esteemed citizen. He had deserved a
better end.

Some of his old friends, August
Schuehle and C. J. Bless, kindly at-
tended to the necessary preparations
for his last resting-place.

Rev. Mr. Falkenberg responded will-
ingly to the call to officiate at the
grave at midnight, by torchlights.
He praised the virtues of the deceased
and spoke words of consolation to the
bereaved relatives and friends who
were able to attend the funeral at
such unusual hour.—Rest In Peace.

Mr. F. J. Saathoff and sons, Charles L. and Marshall Saathoff, went to San Antonio last week where they were joined by Mr. and Mrs. H. E. Schneider and son, Milton, and together they started on a trip in the Schneider Dodge Bros. car to Fort Worth to visit their son and brother, Louis J. Saathoff, at Camp Bowie. They had a pleasant and interesting trip, passing through thirty-two towns en route; they found good roads and had no trouble with the car. They spent three and one-half days in and around Fort Worth having Louis J. Saathoff as their guest at numerous picnic and barbecue parties which they all enjoyed immensely. They saw most of the Hondo boys who are all enjoying good health. Mr. and Mrs. Schneider and son, Milton, came home with Mr. Saathoff and sons Wednesday and spent the week-end with them.

Sixth Cavalry Here.

Hondo was captured by the 6th Regiment U. S. Cavalry about 2:00 p. m. Thursday afternoon and remained in the hands of the captors until Friday morning when they again took up their line of march to their destination point—Fort Sam Houston, San Antonio.

This regiment had been stationed in the Big Bend country for the past seventeen months where it had been doing patrol duty along the Rio Grande, and the men were much pleased at the prospect of moving to a station where at least army life would be less monotonous.

A finer body of men than the 6th cavalry never donned a uniform; they look in the pink of condition considering the long, fatiguing march they are just finishing. The animals, however, looked somewhat jaded, showing the result of the five hundred mile march that ended with their reaching Fort Sam Houston today.

While here the men conducted themselves in a manner becoming United States soldiers—in a quite, gentlemanly way that won the esteem of our people and gave those who were not familiar with the personnel of the United States army a higher regard for the men who compose that body.

The people of Hondo were pleased to have the 6th with them even for the brief time they were here, and trust that their stay will long remain a pleasant memory with this unit of Uncle Sam's fighting force.

The "Jitney" Lunch.

The ladies of the Red Cross Society served a jitney lunch—sandwiches, home-made pies, cakes and chocolate—Thursday, the soldiers of the 6th regiment in camp being the ladies' chief patrons, and right good patrons they proved themselves to be.

Both the officers and enlisted men expressed themselves as very grateful for the courtesy shown, and the absence of any effort on the part of the ladies to practice extortion upon them.

So well pleased were our khaki visitors with the reception accorded them that a band concert was given in honor of the Red Cross.

The handsome sum of approximately \$150.00 was realized from the luncheon which will prove very acceptable to the Red Cross treasury.

A marriage license was issued November 6th to James Avent and Jessie Chary.

Mrs. Hensch, wife of Rev. P. H. Hensch, was on trial before the county court yesterday on a charge of lunacy.

Frank Dillon, C. E. of San Antonio, passed through here Wednesday en route to Uvalde county where he will plan an irrigation plant for one of the enterprising citizens of that county.

Mrs. Geo. W. Jones left yesterday morning for Fort Worth to be near Lieutenant Hal Jones, who is now at Camp Bowie. Should Lieutenant Jones be stationed at Camp Bowie for any length of time Mrs. Jones will make her home in Fort Worth for the winter.

The Hondo National Farm Loan Association this week received checks for four of its members on loans from the Federal Land Bank, one for \$1,200, one for \$1,000, one for \$1,500 and one for \$5,000, all at 5 per cent interest per annum on the thirty-six year amortization plan.

Judge H. E. Haass and family visited San Antonio Tuesday overland. Judge Haass attended the meeting of the Secretary-Treasurers and officers of the National Farm Loan Association called by Treasurer Lindsey of the Federal Land Bank of Houston. About forty officers from Southwest Texas attended and a good meeting was held.

H. Hartman, manager of the Sugarman Supply Co., returned from San Antonio yesterday where he had been in attendance on the Scottish Rite re-union, in session in that city Monday, Tuesday and Wednesday. While there he was led across the hot desert sand and is now a 32nd degree Mason. He still has somewhat a scared look but we hope he will soon be his jolly self again.

The football boys of the Hondo High School and a team from the 6th Cavalry in camp here, played a game here Thursday evening in which the army went down in defeat by a score of 20 to 0. The army boys struggled hard but they were outmatched by the High School boys. Our boys have a clean score thus far this season, never having lost a game. It is getting rather monotonous, this string of victories, but we suppose we will have to endure it to the end of the season. There doesn't seem to be an aggregation in this section that can change it.

Died.

John B. Wernette Jr. died at Del Rio Monday evening, October 29, 1917, after a short illness of pneumonia. The corpse was brought to Castroville, his home, and tenderly laid to rest in the St. Louis Catholic Cemetery, after a Requiem Mass on Wednesday morning. Rev. Father Heckman performed the last sad rites. Deceased was born at Castroville, March 4th, 1868, consequently was 49 years, 7 months and 25 days of age, at his demise. He was happily married to Miss Annie Nations. Besides his grief-stricken widow, he leaves his aged father, Col. J. B. Wernette, one brother, Joe Wernette of San Antonio, one sister, A. F. Jagge, of Castroville, and three sisters, Mesdames Wm. Rahn of Castroville, Frank Grimsinger, and James W. Gabreath of San Antonio, and a large number of other near and dear relatives, to mourn his untimely demise. A large concourse of mourning relatives and friends escorted the remains to its last resting place. We join this entire community in sympathy with the bereaved, grief-stricken ones. R. I. P.

The feast, All Saints and All Souls, were observed in the usual manner at the St. Louis church by religious services, both in morning and noon, including a procession to the cemetery. Hubert Balzen, Peter Rahn and son, J. B., of Natalia, and Henry Haass of La Costa, were Castroville business visitors Saturday.

Justice Court was grinding for a while Saturday morning.

An assistant bookkeeper arrived at the home of Mr. and Mrs. Joe J. Rahn Friday, November 2, 1917. Mother and son are doing fine.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

CARDUI

The Woman's Tonic

She writes further "I am in splendid health . . . I can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quart of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

A most deplorable accident happened to Edwin, the oldest son of Mr. and Mrs. Jacob Rahn Sunday morning. Edwin and a friend started out on a duck hunt, and it seems that while Edwin was driving along in a gig, his gun slipped from his hold and the hammer striking an iron brace, caused a discharge which struck his left side, cutting an ugly flesh wound. Several of the shot entered the fleshy part of the arm. The wounded man was at once rushed to a hospital at San Antonio, for medical attention and at this writing is getting along as well as can be expected. We join in wishing him a speedy recovery.

An Old Man's Stomach.

As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain pepsin, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

Mr. and Mrs. Josie Wernette, Miss Josie, Mr. and Mrs. Elmer Wernette, Mrs. Scully, Mr. and Mrs. Fred Aulderson and two daughters, Mr. and Mrs. Frank Greschel and two children, Mrs. Frank Grimsinger and daughters, Minnie and Frankie, Alvin and Earl Grimsinger, Mr. and Mrs. James Galbreth, all of San Antonio, attended the funeral of J. B. Wernette, Jr.

What Would You Do?

In case of burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar. For sale by all dealers.

Furthermore, if all the European belligerents were to bury their hatchets every mole would cut his nose.

For a Weak Stomach.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

What has become of the old-fashioned lusher who was called colonel because he talked horse and exhaled whisky?

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ALASKA HAS A "PUPMOBILE"

Passengers Travel Over Regular Railroad Track on Car Which Is Drawn by Dog Power.

The "pupmobile" is a passenger train drawn over a regular railroad track by dog power. It carries passengers from Nome, Alaska, across the level land near that town into the mountains.

The track is a narrow-gauge railroad built in 1900. A high tax was placed on railroads in Alaska soon after that and as there was not enough traffic over the road to justify the expense of operating locomotives, the regular train service was discontinued.

Then the "pupmobile" was instituted. The accommodation for passengers consists of a platform on which are two seats. To this from seven to fifteen dogs are harnessed and the rate at which they travel compares favorably with much of our "rapid transit."

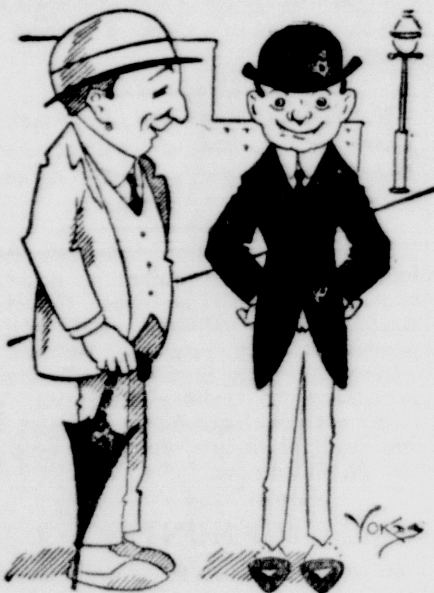

Bankers Aid Woman Clerks.

Women who work in the offices in the "Wall street zone" in New York are to have a restaurant of their own, like that of the men, and back of it are several bankers. There will be a rest room, with magazines and periodicals and it is designed to make the business self-supporting, but nothing else. The women will form a club, that will be limited, and each woman will pay a small amount monthly, but the bankers are pledged to support it. The rooms in which the restaurant is located rented for \$25,000 per year.

Canada's Aerial Armada.

If newspapers have it right, it is understood that Canada has started to spend the \$80,000,000 recently set aside for the aeronautical development and aerial protection of the Dominion, and soon will possess a giant air fleet. The Canadian plans call for 280 aviators always in active service, and at the usual rate of three machines to each man there will have to be 840 machines ready at all times. Airplane factories and training camps are being established.—Scientific American.

Patter of Little Feet.

Owing to the dearth of boots the management of a London orphanage has adopted a recommendation to supply clogs for the children. The experiment will be tried for six months, and during that time it will be seen whether the parents and schoolteachers can put up with the noise.—London Chronicle.

Wakefulness.

Mrs. P. O. Stuchell Tells How She Cured Her Son of a Cold.

"When my son Ellis was sick with a cold last winter I gave him Chamberlain's Cough Remedy. It helped him at once and quickly broke up his cold," writes Mrs. P. O. Stuchell, Homer City, Pa. This remedy has been in use for many years. Its good qualities have been fully proven by many thousands of people. It is pleasant and safe to take.

CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you

should. Belching, sour stomach and bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c.

Calomel Today! Sick Tomorrow! I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile, it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start

your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

They had a pleasant and interesting trip, passing through thirty-two towns en route; they found good roads and had no trouble with the car. They spent three and one-half days in and around Fort Worth having Louis J. Saathoff as their guest at numerous picnic and barbecue parties which they all enjoyed immensely.

They saw most of the Hondo boys who are all enjoying good health. Mr. and Mrs. Schneider and son, Milton, came home with Mr. Saathoff and sons Wednesday and spent the week-end with them.

Sixth Cavalry Here.

Hondo was captured by the 6th Regiment U. S. Cavalry about 2:00 p. m. Thursday afternoon and remained in the hands of the captors until Friday morning when they again took up their line of march to their destination point—Fort Sam Houston, San Antonio.

This regiment had been stationed in the Big Bend country for the past seventeen months where it had been doing patrol duty along the Rio Grande, and the men were much pleased at the prospect of moving to a station where at least army life would be less monotonous.

A finer body of men than the 6th cavalry never donned a uniform; they look in the pink of condition considering the long, fatiguing march they are just finishing. The animals, however, looked somewhat jaded, showing the result of the five hundred mile march that ended with their reaching Fort Sam Houston today.

While here the men conducted themselves in a manner becoming United States soldiers—in a quite, gentlemanly way that won the esteem of our people and gave those who were not familiar with the personnel of the United States army a higher regard for the men who compose that body.

The people of Hondo were pleased to have the 6th with them even for the brief time they were here, and trust that their stay will long remain a pleasant memory with this unit of Uncle Sam's fighting force.

The "Jitney" Lunch.

The ladies of the Red Cross Society served a jitney lunch—sandwiches, home-made pies, cakes and chocolate—Thursday, the soldiers of the 6th regiment in camp being the ladies' chief patrons, and right good patrons they proved themselves to be.

Both the officers and enlisted men expressed themselves as very grateful for the courtesy shown, and the absence of any effort on the part of the ladies to practice extortion upon them.

So well pleased were our khaki visitors with the reception accorded them that a hand concert was given in honor of the Red Cross.

The handsome sum of approximately \$150.00 was realized from the luncheon which will prove very acceptable to the Red Cross treasury.

Mrs. Geo. W. Jones left yesterday morning for Fort Worth to be near Lieutenant Hal Jones, who is now at Camp Bowie. Should Lieutenant Jones be stationed at Camp Bowie for any length of time Mrs. Jones will make her home in Fort Worth for the winter.

The Hondo National Farm Loan Association this week received checks for four of its members on loans from the Federal Land Bank, one for \$1,200, one for \$1,000, one for \$1,500 and one for \$5,000, all at 5 per cent interest per annum on the thirty-six year amortization plan.

Judge H. E. Haass and family visited San Antonio Tuesday overland. Judge Haass attended the meeting of the Secretary-Treasurers and officers of the National Farm Loan Association called by Treasurer Lindsey of the Federal Land Bank of Houston. About forty officers from Southwest Texas attended and a good meeting was held.

H. Hartman, manager of the Sugarman Supply Co., returned from San Antonio yesterday where he had been in attendance on the Scottish Rite reunion, in session in that city Monday, Tuesday and Wednesday. While there he was led across the hot desert sand and is now a 32nd degree Mason. He still has somewhat a scared look but we hope he will soon be his jolly self again.

The football boys of the Hondo High School and a team from the 6th Cavalry in camp here, played a game here Thursday evening in which the army went down in defeat by a score of 20 to 0. The army boys struggled hard but they were outmatched by the High School boys. Our boys have a clean score thus far this season, never having lost a game. It is getting rather monotonous, this string of victories, but we suppose we will have to endure it to the end of the season. There doesn't seem to be an aggregation in this section that can change it.

Died.

John H. Wernette Jr. died at Del Rio Monday evening, October 29, 1917, after a short illness of pneumonia. The corpse was brought to Castroville, his home, and tenderly laid to rest in the St. Louis Catholic Cemetery, after a Requiem Mass on Wednesday morning. Rev. Father Heckman performed the last sad rites. Deceased was born at Castroville, March 4th, 1868, consequently was 49 years, 7 months and 25 days of age, at his demise. He was happily married to Miss Marie Nations. Besides his grief-stricken widow, he leaves his aged father, Col. J. B. Wernette, one brother, Joe Wernette of San Antonio, one sister, A. F. Jagge, of Castroville, and three sisters, Mesdames Wm. H. of Castroville, Frank Grimsinger, and James W. Gairbreath of San Antonio, and a large number of other near and dear relatives, to mourn his untimely demise. A large concourse of mourning relatives and friends escorted the remains to its last resting place. We join this entire community in sympathy with the bereaved, grief-stricken ones. R. I. P.

The feasts, All Saints and All Souls, were observed in the usual manner at the St. Louis church by religious services, both in morning and noon, including a procession to the Cemetery. Ralph Balzen, Peter Rihn and son, J. L. of Natalia, and Henry Haass of La Cote, were Castroville business men Saturday.

Justice Court was grinding for a while Saturday morning.

An assistant bookkeeper arrived at the home of Mr. and Mrs. Joe J. Rihn Friday, November 2, 1917. Mother and son are doing fine.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quart of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

A most deplorable accident happened to Edwin, the oldest son of Mr. and Mrs. Jacob Rihn Sunday morning. Edwin and a friend started out on a duck hunt, and it seems that while Edwin was driving along in a gig, his gun slipped from his hold and the hammer striking an iron brace, caused a discharge which struck his left side, cutting an ugly flesh wound. Several of the shot entered the fleshy part of the arm. The wounded man was at once rushed to a hospital at San Antonio, for medical attention and at this writing is getting along as well as can be expected. We join in wishing him a speedy recovery.

An Old Man's Stomach.

As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain pepsin, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

Mr. and Mrs. Josie Wernette, Miss Josie, Mr. and Mrs. Elmer Wernette, Mrs. Scully, Mr. and Mrs. Fred Aulderson and two daughters, Mr. and Mrs. Frank Greschel and two children, Mrs. Frank Grimsinger and daughters, Minnie and Frankie, Alvin and Earl Grimsinger, Mr. and Mrs. James Galbreath, all of San Antonio, attended the funeral of J. B. Wernette, Jr.

What Would You Do?

In case of burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar. For sale by all dealers.

Furthermore, if all the European belligerents were to bury their hatchets every mole would cut his nose.

For a Weak Stomach.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

What has become of the old-fashioned lusher who was called colonel because he talked horse and exhaled whisky?

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ALASKA HAS A "PUPMOBILE"

Passengers Travel Over Regular Railroad Track on Car Which Is Drawn by Dog Power.

The "pupmobile" is a passenger train drawn over a regular railroad track by dog power. It carries passengers from Nome, Alaska, across the level land near that town into the mountains.

The track is a narrow-gauge railroad built in 1900. A high tax was placed on railroads in Alaska soon after that and as there was not enough traffic over the road to justify the expense of operating locomotives, the regular train service was discontinued.

Then the "pupmobile" was instituted. The accommodation for passengers consists of a platform on which are two seats. To this from seven to fifteen dogs are harnessed and the rate at which they travel compares favorably with much of our "rapid transit."

Bankers Aid Woman Clerks.

Women who work in the offices in the "Wall street zone" in New York are to have a restaurant of their own, like that of the men, and back of it are several bankers. There will be a rest room, with magazines and periodicals and it is designed to make the business self-supporting, but nothing else. The women will form a club, that will be limited, and each woman will pay a small amount monthly, but the bankers are pledged to support it. The rooms in which the restaurant is located rented for \$25,000 per year.

Canada's Aerial Armada.

If newspapers have it right, it is understood that Canada has started to spend the \$80,000,000 recently set aside for the aeronautical development and aerial protection of the Dominion, and soon will possess a giant air fleet. The Canadian plans call for 280 aviators always in active service, and at the usual rate of three machines to each man there will have to be 840 machines ready at all times. Airplane factories and training camps are being established.—Scientific American.

Certain Cure for Croup.

Mrs. Rose Middleton, of Greenville, Ill., has had experience in the treatment of this disease. She says: "When my children were small my son had croup frequently. Chamberlain's Cough Remedy always broke up these attacks immediately, and was never without it in the house. I have taken it myself for coughs and colds with good results."

CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezezone tell him to order a small bottle for you.

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you

should. Belching, sour stomach and bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c.

Calomel Today! Sick Tomorrow! I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start

your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

MRS. MARTHA ALLEN

GAINED 33 POUNDS

Had Rheumatism So Bad Could Hardly Walk—Tanlac Overcomes It.

One of the most interesting and remarkable statements yet made in connection with Tanlac, the medicine that is accomplishing such surprising and gratifying results, was given by Mrs. Martha Allen when the Tanlac representative called by special invitation at her residence, 1820 North Pearl Street, Dallas, recently. In relating her experience with Tanlac, Mrs. Allen said:

"When I began taking Tanlac last July a year ago, I had been suffering for some time with an attack of rheumatism which involved both my lower limbs and feet. The pain was so intense I just can't describe it. I could scarcely walk and had to just hobble around. I was extremely nervous and suffered so I could hardly sleep at all and many a night I would roll and tumble all night long. Liniment and medicines failed to do me any good, I lost flesh until I weighed only a little more than a hundred pounds and suffered almost continually.

"I then bought Tanlac, as I had been reading about it for sometime, and after taking a few bottles regularly, every sign of the rheumatism left me. Tanlac not only restored my health, but when I weighed I was delighted to find that I had gained thirty-three pounds which put me back to my regular weight. That was a year and a half ago and I have been perfectly sound and well ever since until this past January when I had an attack of grippe. I lost my appetite, became very nervous and also fell off some in weight.

"Well, I bought Tanlac again and after using it a few days, my grippe, indigestion and nervousness were all gone and I also regained the little weight I had lost. I eat anything I want now, I can enjoy a large steak without it hurting me a particle and I don't suffer from the gas or any other bad feelings after my meals.

I sleep fine and restful and I believe I feel better now than I have ever felt. I will always praise Tanlac, and why shouldn't I? I tried everything else and found no relief until I took it and my case shows Tanlac not only brings relief but its work is lasting. Now I don't like publicity, but I feel that I am only doing my duty to suffering humanity in making this statement. My phone number is Main 3089 and if anyone will call me, I will take pleasure in telling them about what a grand medicine I have found Tanlac to be and the good health I have enjoyed ever since I took it."

Tanlac is sold in Hondo by W. H. Windrow, in Devine by Lion Drug Store, in D'Hanis by Louis Carle, in LaCoste by Dickey Drug Co., and in Dunlay by Louis A. Haby.

GREAT WASTE IS DISCLOSED

Immense Quantities of Zinc Ore Thrown Away in Tennessee Iron Mines During Past 70 Years.

A good illustration of the enormous waste going on everywhere in this supposedly enlightened country is given in Embreeville, Tenn.

The best part of the product of large iron mines which have been worked there for the last 70 years has been lost through ignorance. During all these years the workers, not recognizing it, have been throwing away quantities of zinc ore, which is really more valuable than the iron they had been taking out and utilizing. They dumped their diggings into the furnaces and the zinc, being highly volatile, evaporated, and floated off, unrecognized, into the air while the coarser and less valuable product, the iron, was recovered, writes Orson Swett Warden.

It is only recently that a more intelligent and observing employee came along and discovered this terrible loss. As a result, the mines have been completely changed in character, so that what for 70 years had been regarded as their chief product is now but a by-product, and what was wasted all these years is estimated at a value probably more than that of all the iron that had been recovered. Zinc, not iron, is what the operators are after now.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERBINE is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine, vigorous condition. Price 50c. Sold by W. H. Windrow.

ASK THE LOCAL AGENT

that has been prevailing for all kinds
of meat animals on the market and
the scarcity of feed and pasture grass
and the consequent high cost of
maintaining animals. High market
quotations have led to a closer cull-
ing of flocks and herds and the sale
of a larger number of young ani-
mals. Then the high price of feed
and the shortage of grass on many
ranges, especially in that large sec-
tion of the State where the drought
has prevailed, has forced the sale of
many others reserved for breeding
purposes. In many instances even
poultry flocks have been sold down
to the minimum, and the State finds
herself in the anomalous position of
having the price of eggs almost pro-
hibitive, while the average annual
production of all poultry is only
\$35.08 per farm.

Aside from the world-wide condi-
tions that make it imperative that we
increase the production of meat ani-
mals, the very local conditions that
have depleted the live-stock of Texas
and renders any increase in their
number attendant with unusual diffi-
culty makes it all the more impor-
tant that we increase their produc-
tion. Farmers, now as never before,
need to study feed values and learn
how to make the most economical
use of the meagre stores of feed they
now have to the end that they may
be able to tide over, until pasture is
again available, their breeding stock,
and not be forced to sacrifice that
which is going to be so difficult and
costly to replace.

Aside from the growing value of
all manner of live-stock, the scarcity
and high cost of labor calls for a
study of the most economic hand-
ling of land, and the grazing of farm
animals offers a good solution. Much
might be said on this subject, but I
close this article by relating a prac-
tical experience by a Southwest Texas
farmer in the hope that it may prove
suggestive to others.

In 1914, Mr. S. M. Hargrove, of
the Frio Valley, in Uvalde County,
planted 15 acres of oat and wheat
stubble with 10 pounds of Sudan
grass seed. After disking the stubble
he drilled the seeds in drills of 18
inches apart, on July 11th. He never
got to cultivate the crop but turned
his hogs on the grass in three weeks
after planting. From then on, he
pastured 150 head of hogs of various
sizes, 18 head of sheep, 4 calves and
a saddle pony continually on this
grass through the summer and fall,
and had to turn his work horses in
to finish what these could not con-
sume before the autumn frosts got
it. He is of the opinion that it was
the most profitable 15 acres on his
farm that year.

By the way, Mr. Hargrove runs
a flock of sheep and a bunch of hogs
together on his farm very success-
fully. The sheep keep down the nox-
ious weeds, giving the valuable grass
a chance to grow and render the
pasture more valuable for the hogs
and other animals. The hogs destroy
many noxious insects, rendering the
range more healthful for the sheep.
They run together without any extra
trouble for either except at lambing
time when the ewes must be sepa-
rated from the hogs for a few days.

Mr. Hargrove has proved by his
success what every other man must
eventually come to recognize—that
stock-farming in Texas in general
and Southwest Texas in particular
is the correct system of farming.

The wise man will profit by the
experiences of the successful. Are
you wise?

Somewhere in France,

My Dear Folks—
I suppose you would like to know
about trip across the sea and my new
home; but you will have to wait until
I come home for that. We must be
very careful in writing so as to make
the campaign a successful one. Never-
theless you have no need to worry.
I am enjoying my stay here, have plen-
ty to eat and a good place to sleep.
As I told you the most dangerous part
of this trip would come in across the
ocean and that was safely done, so all
anxiety and worry are over. There
are not so many amusements here as
there were in Quantico, U. S. A.; but
they are not expected. We have a
nice Y. M. C. A. Club where we can
get American eats and reading matter;
there is also a piano playing "Memor-
ies", its tunes certainly bring up mem-
ories to me.

When we can't play ball we can drill
so we won't have any opportunity to
get home sick. They have the rainiest
weather of any place I ever heard of,
it has rained on an average every day
since we landed. I suppose we'll have
several duckings before a dry spell
sets in. As for fruits, they are plen-
tiful and cheap; but such as candy and
cakes, as we buy in the United States,
is hard to get.

I have not found Ross and Clyde
Hollaway yet, will look them up sure-
ly, hope will find them.

This is an interesting country and I
am anxious to see more of it.

Well, a few more lines and according
to instructions I must close. Your
mail is not censored, you can write all
about the United States. Don't worry
about me, I get by alright.

The people of the Biry community
gathered at the school house Sunday
afternoon to organize a Social Center
League.

"America" was sung by the assem-
blage and then the object of the meet-
ing was explained in a short talk by
the principal of the school. Officers
for the organization were then elected
as follows: Rudolph Haass, president;
Ed. Bader, vice-president; Mrs. Emil

Myres, press reporter.

Much enthusiasm was shown and
thirty enrolled for membership. Good
talks on social center work were made
by Henry Bendele, Armin Bendele,
Rudolph Haass and Miss Jennie Swear-

The president appointed A. W. Myres,
Henry Bendele, and Ed. Bader as a
committee to draw up a constitution for
the League. Mrs. Emil Biry, Miss
Nannie Littleton, and Robert Poe were
appointed as a program committee. The
first Sunday in December was chosen

of the work for the day. Other minor
matters were disposed of and all ad-
journing to the play ground for several
games of volleyball, which were joined
in by young and old, and every one
seemed to enjoy the sport.

FOOD AND WAR

Shortage in Raw Materials Gives Rise to Alarm Among Manufacturing Interests—America Must Apply Every Resource to Meet World's Demand for Food—Labor-Saving Machines and Man Power on the Farms Vital Factors in Economic Crisis—Appeal for Government Action.

Government action ensuring the farmers of America ample supplies of farm implements and competent farm labor is virtually necessary to this country's future participation in the war, declare the manufacturers of farming tools and machinery in the United States. This action must be immediate and radical, they say, or in 1918 the United States will fail to produce foodstuffs necessary to feed the civil population of our allies and to keep the allied armies in fighting trim.

This declaration is made in a public statement by the National Implement and Vehicle Association, whose members manufacture most of the farming implements used in and exported from the United States. It is the Association's answer to an anxious inquiry about reports of a prospective implement shortage addressed to it in behalf of the country's farming interests by ex-Governor W. D. Hoard of Wisconsin, one of the leaders of American agriculture and publisher of Hoard's Dairyman. The statement, which is signed by Charles S. Brantingham, Chairman of the Association's Executive Committee, says:

Unless prompt action is taken by the Government, our country will make the same mistakes that have resulted in compelling our allies to appeal to us to save them from famine. Unless we protect the production of labor-saving farm machinery and the supply of skilled farm labor we, too, must soon face a shrinkage of food supplies.

Without such action as is here suggested and urged, the farmers of the United States will not have enough machines or men in 1918 to meet the demands upon them.

"We are now confronted by shortages of raw material and factory labor that will begin to be manifest in shortages of certain lines of farm machinery this fall and will result in serious shortages in many vital lines next year. Stocks on hand in important kinds of tools and machines are smaller than in normal years, because of earlier scarcity of factory labor and a rapidly tightening scarcity of all raw materials.

"Farmers have deferred during the last three years the replacing of old and badly worn tools and machines. Now, confronted by the practical certainty that the war is to continue indefinitely, with attendant assurance of a heavy demand and high prices for all their products, and by an inevitable shortage of farm labor, they cannot put off longer replacements of worn out machines and the additions to equipment necessary to increase acreage and production.

"It is also essential in meeting the demand of the farmers for implements that there shall be preference in transportation for raw materials to the factories and for finished goods from the factories to the farms.

"For the last ten years farm labor has been more and more difficult to secure, and now with an enormous increase in the demand for labor in munitions factories, and the withdrawal of many young men from productive occupations, there is bound to be a shortage of farm labor such as this country has never known. In Kansas alone a vast number of fertile acres on which the wheat crop failed will lie idle this summer, chiefly for lack of labor and partly through lack of machines to replant to corn.

"We regard it as vital to keep on the farms the men now there who know the business, especially the men trained in the use of labor-saving machinery. It would be wasteful and foolish to let them go and afterward try to replace them with unskilled men.

"We seek no advantage for our industry over any other, but we realize and we want the public to realize that without this product and without sufficient labor the farmers of the United States cannot increase or even maintain their production of foodstuffs next year. To avert the calamity that such a condition will surely produce, our industry and the farming industry which it chiefly supports must be put upon the same preferred basis as the making of war munitions, even if other less vital industries suffer thereby for materials and men.

"These are the measures that we declare to be vital to the feeding of this nation and its allies next year:

"1. That the manufacture of farm materials be given equal preference with the manufacture of war munitions as regards supplies of necessary raw materials.

"2. That service to the country in farm machinery factories be considered of equal importance with service in munition making plants, Government or private.

"3. That labor on the farms be considered as of equal importance with the production of war munitions.

"4. That the raw materials for farming machinery and the finished goods be given equal preference by the transportation agencies of the country with munitions of war.

"These measures must be taken immediately to be effective, because the use and demand for farming machinery are seasonal. We must have right now materials and the men to make the farm machinery that the farmer at home and abroad must use this Fall and next Spring. Delay in action will be as disastrous as failure to act at all."

WISE AND OTHERWISE

Self-confessed ignorance often indicates wisdom.

Fortunately for the fool he doesn't know that he is one.

When the quiet man makes a noise in the world it counts.

Some nice girls would be just as nice if they were sensible.

Beware of the man who apologizes when he does you a favor.

It takes as little to make some men laugh as it does to make others swear.

When a man quits turning around to look at a pretty girl he is old enough to give the undertaker a job.

Somehow a man derives a lot more pleasure from shocking other people than he does from being shocked by them.

HAD NOT MADE ANY MISTAKE

O. Henry Was Mortified When Beggar to Whom He Had Given Gold Piece Disclosed His Generosity.

Sydney Porter, who is better known to the multitude of his admiring readers as O. Henry, possessed an innate nobleness of nature that prevented him from becoming bitter even after three years in prison on a charge of alleged embezzlement, of which he would undoubtedly have been acquitted had he not fled to South America to escape trial. His charity was boundless and his sympathy with suffering, especially when the sufferer was "down and out," as prompt and as instinctive as the glance of the eye, says Prof. C. A. Smith in his biography of O. Henry.

He was talking to a friend on the streets of New York one day when a beggar approached and asked for help. O. Henry took a coin from his pocket, shielded it from the view of his friend, and slipped it into the beggar's hand, saying:

"Here's a dollar. Don't bother us any more."

The man walked a few steps away, examined the coin, and seemed uncertain what to do. Then he came slowly back.

"Mister," he said, "you were good to me and I don't want to take advantage of you. You said this was a dollar. It's a twenty-dollar gold piece."

O. Henry turned upon him indignant. "Don't you think I know what a dollar is? I told you not to come back. Get along!"

He then continued his conversation, but was plainly mortified for fear that his friend had detected his ruse.—Youth's Companion.

How to Make Gravy.

Once, in the long, long ago, a woman who had so little to spend on her table that today it would seem slow starvation, gave men a lesson in how to make a gravy that made mashed potatoes, cornbread, rice and grits taste as good as ambrosia, which, after all, is only coconut and oranges with sugar, you know.

A big spoonful of bacon grease, strained from the skillet where fat bacon had been fried, was put into a hot skillet with two spoonfuls of sifted flour; an onion, finely minced, added and the whole stirred until brown enough to almost scorch; the skillet was lifted a little to the side and two cupfuls of freshly boiling water slowly poured into it with one hand while, vigorously stirring with the other. A hot gravy bowl filled with this, a pan of cornbread, a dish of greens and one of potatoes when the latter had only to be dug from the kitchen garden, and the man of the house with his babies were sumptuously fed and healthy. Of course, a tiny shred of red pepper pod was an improvement and salt if needed.

Home Hospital Bag.

In a family where there are children a hospital bag is a great convenience. Make the bag of unbleached muslin, 30 by 18 inches, hemming both ends 1 inch deep. Then place the two hems together and stitch six pockets. Fasten a tape hanger at each end and hang on the bathroom door. These things should be kept in the pockets and the supply renewed as necessary to be ready in the many emergencies that arise—linen strips for burns, a roll of antiseptic gauze (two inches) for cuts; roll of adhesive tape; roll of cheese-cloth for poultices and plasters; roll of antiseptic cotton for dressings and several pieces of soft flannel for croup, sore throat, etc.

Utilizing Left-Overs.

Much food is thrown away because so many people do not know how to utilize left-overs or will not take the trouble to keep and prepare them. Left-over cereals can be reheated or combined with fruits, meats, or vegetables into appetizing side dishes. Even a spoonful of cereal is worth saving to thicken soup, gravy, or sauce.

If tin tags like these can be made for one-half of a cent each at a good profit, why was a bill proposed in the legislature to force the farmers to mark the 3,800,000 bales of Texas cotton with these tags at ten cents each? WHY?

"For the good of the farmer"—so said the legislator who introduced the bill. Do you believe it?

These tags at 1/2c each would have cost \$19,000. At 10c each they would have cost \$380,000. That would have made a minimum profit for somebody of \$361,000! SOME profit!

Who do you believe would have benefited from this bill—the farmer or the man who made the tags?

Sheriff's Sale.

THE STATE OF TEXAS, County of Medina.

By virtue of a certain Order issued out of the Honorable Court of Medina county, on the day of November, 1917, by the Clerk of said county against Frank Carson for the sum of Thirty-three and Forty-five and 66-100 (\$33.45) Dollars and costs of suit, in case 1826 in said court, styled J. A. Crenshaw, Trustee, versus Frank Carson, and placed in my hands by the Sheriff of said county, Texas, on the day of November, 1917, I, the undersigned, Sheriff of said county, described as follows:

Lot No. 11, in Block No. 1, Herring Addition to the town of Hutto, Texas, known also as Lot 11, Herring Addition to the town of Hutto, and being the same property of Frank Carson, by D. L. Howland, Bettie M. Howard, on March 1912, by deed duly recorded in 48, page 174, Deed Records of Medina county, Texas, and levied upon property of said Frank H. Carson, and on Tuesday, the fourth day of December, 1917, at the Court House of Medina county, in the town of Hutto, Texas, between the hours of ten and four P. M. I will sell said estate at public vendue, for the highest bidder, as the property of said Frank H. Carson by virtue of said Order of Sale.

And in compliance with law, this notice by publication, in the English language, once a week for consecutive weeks immediately preceding said day of sale, in the Anvil Herald, a newspaper published in Hondo, Medina county.

Witness my hand, this sixth day of November, 1917.

Royal Baking Powder saves eggs in baking

In many recipes only half as many eggs are required, in some none at all, if an additional quantity of Royal Baking Powder is used, about a teaspoon, in place of each egg omitted.

Try the following recipes which also conserve white flour as urged by the government.

Corn Meal Griddle Cakes

1 1/2 cups corn meal
1 1/2 cups boiling water
1/2 cup milk
1 tablespoon shortening
1 tablespoon molasses
1/2 cup flour
1 teaspoon salt
4 teaspoons Royal Baking Powder
NO EGGS

Boil corn meal in bowl with boiling water; add milk, melted shortening and molasses; add flour, salt and baking powder which have been sifted together; mix well. Bake on hot greased griddle until brown.

(The Old Method called for 2 eggs)

Eggless, Milkless, Butterless Cake

1 cup brown sugar
2 1/4 cups water
1 cup seeded raisins
2 ounces citron, cut fine
1/2 cup shortening
5 teaspoons Royal Baking Powder
1/2 teaspoon salt
1 teaspoon nutmeg
1 teaspoon cinnamon
1 cup flour
1 cup rye flour

Boil sugar, water, fruit, shortening, salt and spices together in saucepan 3 minutes. When cool, add flour and baking powder which have been sifted together. Mix well; bake in loaf pan in moderate oven about 45 minutes.

(The Old Method [Fruit Cake] called for 2 eggs)
